

ANOTHER HEAP OF GOLD.

\$2,330,000 Came In on the Ems; More on the Teutonic.

The Currency Premium Ranging Between 1½ and 2½ Per Cent.

The feeling in financial and stock circles continues to improve. The causes which helped to lift prices yesterday were operative again to-day, namely, further arrivals of gold from Europe and the growing belief that the obnoxious Sherman law will soon be repealed.

There is a little more disposition to lend funds, and speculators are inclined to increase their ventures.

The market shows greater resistance to bear raids, although the outstanding short interest has undoubtedly been reduced during the past few days.

Western Union ranged from 73-4 to 74-4. American Sugar from 51-1 to 51-2. Chicago Gas from 22-1 to 22-2. Liverpool Gold from 22-1 to 22-5. Distillers from 22-1 to 22-4, and Lackawanna from 135 to 135-5.

The market principal changes.

The steamship Ems, which arrived last night, brought 297,600 from Southampton, \$300,000 from Bremen, 1,000,000 from Hamburg, 1,000 from Bank of Italy, consigned to the following houses: Heidebach, Ichelheimer & Co., 1,000; Bank of Monte Carlo, 1,000; Weller & Co., Hamburg, 1,000; L. Von Hoffman & Co., 1,000; and Wells, Faris & Co., 1,000. Total, \$2,330,000, and Kildare, Ichelheimer & Co., 2,170,000 marks.

The following ten-day statement of the kinds of money in hand which customs payments have been made shows, as might be expected, large increases in the proportion of gold. Thus, total imports were at 37, against 24½ ten days ago. The changes in the period showed an increase of 12½ per cent. in gold certificates, 2½ per cent. in gold certificates, 62 per cent. in silver certificates, 57 in United States notes, and 13 in Treasury notes.

The stock market became quiet after the advance, and the traders were taking profits, a general decline ensued.

The losses were not particularly striking, however, outside of a few of the industrials.

The following statement, commanding a premium of 1½, is taken from the Lake Shore, Erie, and Western, 1-½; N. Y. Central, 1-½; Lake Shore, Burlington and Quincy and Louisville, 1-½; and Northern Pacific, 1-½. A bond of 100 was due.

Closing-time Loan Committee did not issue or cancel any certificates to-day.

The demand for currency at the offices of the money brokers was rather less than usual. The quotation was 1-½ and 2½ points above the fall stock amounts, changing hands at 2. Spot gold was 1-½, but for future dates, rates were more or less nominal.

Kuhn, Loeb & Co. have an \$80,000 gold on various steamers, while not nearly so much remains.

The amount of the Teutonic received to-day has \$35,000 gold on board.

The Sub-Treasury had a debit balance

at the Clearing-House this morning of \$67,688, which was liquidated as follows: Gold notes, \$1,000; United States notes, \$1,000.

Money on call at the Stock Exchange was quoted at 14½, and will shift 20,000 ounces of silver on the steamship Britannia to-morrow.

Gold exchange was weaker this afternoon, and posted rates were reduced to 431-2 and 438-½.

Chairman Tapley of the Cheering-House Committee said that the meeting had not been called to the Committee, but that the attention of the Committee had been called to the report of the several panels not charged a premium for carrying gold.

He added that no action will be taken on nothing of the kind, according to his information, had taken place.
